## THE BEE HIVE!

## New Carpets and Rugs.

The carpenters have now finished the work of enlarging our carpet room. Our stocks of new Carpets and Rugs are so large that we have been able to place a new carpet in the room. We believe that we now have a Carpet Department that would do credit to any metropolitan store. From the cheapest Hemp Carpet at \$1.00 to the best of Axminster at \$90.00 there is not a roll but will prove of exceptional value for the price asked. We are showing a larger and better assortment of Ingrains and Brussels than ever before. You will find here the very choicest of patterns to select from, and you have the further advantage of seeing just how the carpet is going to look on your floor. We have also an immense stock of Smyrna and Moquette Rugs and magnificent Art Squares. We know that if you will let us supply your carpet wants we will save you money.

### Some Rare Shirt Waist Bargains.

We carried over from last season about ten dozen Shirt Waists. Rather than mix them with the new stock we have placed them on a separate counter and marked prices less than cost. The 60c and 80c kind are now 50c. Last year's 70c price has been marked down to 50c. Waists that were formerly priced at \$1.00 and \$1.25 are now 50c. There are also a few that were \$2.00. These \$1.00 waists will sell quickly. Come before the best are picked over.

## ROSENAU BROS.,

### AN OLD-TIME SPORT'S LAMENT.

There ain't no wind west any more, the country's gone to wreck.

The good old times of long ago have had to skip the deck.

The "march" o' progress, as it's called, has come a tramping in.

An' 'bout the pious banners from the citizens of sin.

The gospel's knocked the gambler out, like the ready gun.

The Bible and the prayerbook have put the clams on top.

The organ of the Christian Church has swiped the waltz 'n' car.

An' 'drownded the fiddle notes to which we used to swing our parade.

The bottle's become a no more, their yells no longer ear.

The fringe from the feather wings of the sinners is here.

There ain't no more gleam with eagerness to win.

Their fingers in our hair as in the days of long ago.

Around the recreations now they loaf an' take their ease.

Their breeches legs hid in palfrey pants quite busy at the knees.

They while the happy hours away in frequent lazy ease.

An' keep their cash in motion playin' frequent or abject craps.

The card-table now strolls about no longer fearing that.

Lead protests hot from smokin' guns may vilitate his bat.

For using water on the side to make his whiskey wet.

In violation of the rules of border etiquette.

It's come to such a painful pass that men in tailor clothes.

Are held in just as high esteem an' full respect as those.

That wear wool shirts an' canvas duds with patens on the sides.

I swear it nearly breaks my heart! knocks out my honest pride!

The Courts o' law have downed the rope.

Judge Lynch has taken legs.

An' left the field to starchy chumps with heads like crinoid cases.

An' a fellow pulls his gun and down another case.

It costs a pie o' cash to square the trivial even.

An' 'fess to think! a funeral is now put up to be.

A sad an' serious affair, while in the o' days we.

Would chuck his lateness under ground with out a sigh or sigh.

And leave him there to rest in peace while hidden 'down his job.

It makes me come to gaze upon the ruin of a land.

That once in main! life a joy could play a winning hand!

To see yare tenderfoot come in with cravat Eastern views.

Of mist! fancy litters with the purity of boots.

I feel as lost an' out o' place an' short o' nerve sad.

As any related Injun would up in the Promised Land!

An' I would hit the trail, but where in thunder could I find?

To see yare tenderfoot come in with cravat Eastern views.

Of mist! fancy litters with the purity of boots.

I feel as lost an' out o' place an' short o' nerve sad.

As any related Injun would up in the Promised Land!

UNCLE SAM AND GREATER AMERICA

FRANK DEVINE of this city has been mentioned for nomination as State Senator. He is a Mason county man, and as Mason county is entitled to name the candidate for the State Senate, he is a happy, contented person.

A good lesson in genuine Americanism and an example which should be very generally followed is contained in the announcement of the "dollar dinner" to be given at the Hotel Hamilton.

April 10th. Although the arrangements for this political feast in celebration of DEPRESSION'S birthday are in the hands of Democrats, it is a happy, contented person who is providing for the occasion a single line, "Domestic Table Waters," which indicates that some body has had the good sense and the patriotism to conspicuously recognize the merit of a class of home products that rightly claim at least equal merit with any that are marketed under foreign labels.

This is an improvement upon a recent political banquet, not given by Democrats, at which the President of the United States and several of his Cabinet officers were guests, and at which, with curious inconsistency, a sparkling table water occupied the place of honor.

Water, plain, sparkling and medicinal, are second to none in the world aside from their palatability and their hygienic qualities, and in giving the native product the preference the managers of the Jeffersonian "dollar dinner" have established a precedent worthy of all commendation.

TO CURE A COLD IN ONE DAY Take Aspirin Bromo-Quinine Tablets. Aspirin relieves the fever, Bromo-Quinine kills the germs. The medicine has L. S. Q. on each tablet.

In regard to longevity, the clergy stand at the head of the professions, and physicians near the bottom, below coal merchants, milkmen and grocers.

For coughs and colds there is no medicine so effective as Cousin's Honey of Tar. It is the ideal remedy. Price, 25 cents and 50 cents. J. J. Wood & Son.

It is calculated that 50,000 photographs of the Queen and the Prince and Princess of Wales are produced annually, and find a ready sale all over the world.

Before the discovery of One Minute Cough Cure, Ministers were usually dismissed by coughing convulsions. No excuse for it now. Henry W. Day, adjoining Postoffice.

A conviction in a pension fraud case at Washington revealed the fact that during three years three women had drawn a pension as the widow of a man who had never been married.

Even the most vigorous and hearty people have a feeling of weariness and lassitude. To dispel this feeling use Hoffman's Kidney Pills. Price 25 cents. J. J. Wood & Son.

An Indiana youth of nineteen has lost his hand with a dynamite. At fourteen he married a girl of twelve by parental consent, and treated her so badly that the marriage was annulled. His treatment of the next two was no better and for the third time he is a grass widower.

For frost bites, burns, insect stings, eczema, skin disease, and especially Piles, DeWitt's Witch Hazel Salve stands first and best. Look out for dishonest people who try to imitate and counterfeited it. It's their interest of a good article. Worthwhile goods are not imitated. DeWitt's Witch Hazel Salve.

Marion Corson, a 34-year-old J. J. storekeeper, who died a few days ago, bought a quantity of calico during the Civil War, paying 10 cents a yard for it. When the price fell to 5 cents a yard after the war, Corson declared he would not sell a yard of his goods unless he realized a sum equivalent to the cost price. The goods remained on the shelves in Corson's store for thirty-eight years and have just been sold for 2.5 cents a yard.

The Claims Presented Against the State by Col. W. W. Baldwin for Many Thousands of Dollars.

FRANKFORT, Ky., April 7.—Attorney Cochran, of Mayville, representing Col. W. W. Baldwin, the "turnpike king," came to Frankfort Thursday to present Col. Baldwin's side of the turnpike fight to the state sinking fund commissioners, who control the state's stock in all corporations. Cochran told the board that Col. Baldwin, as president and manager of the Mayville and Lexington turnpike, has a claim against the state for many thousands of dollars, and that he would like to have a hearing before the board as to the legality and justice of this claim.

The board decided to give him this hearing and will next week fix a day for Baldwin to appear and produce evidence as to why the state should pay him the money claimed to be due him.

Judge Bullock, who represents the anti-Baldwin element, says the trouble was precipitated by the refusal of Baldwin to sell the remaining part of the turnpike and distribute the proceeds. The case will be bitterly contested.

# A MIDNIGHT FIRE. CRUISED DETROIT. WAS SQUARED.

Home of Wallace Andrews, President of the New York Heating Co., Destroyed.

VAIN EFFORTS TO RESCUE INMATES.

Six Bodies Have Been Taken From the Ruins and Other Persons Are Reported Missing.

Several Members of the Family Carried Out Unconscious—The Fire in the Heart of the District Occupied by New York's Itinerant Millionaires.

New York, April 7.—A few minutes before 2 o'clock Friday morning fire broke out in the fireproof dwelling at No. 2, East 67th street, the home of Wallace Andrews, president of the New York Heating Co. The fire spread rapidly, and when the firemen arrived in response to the first alarm they found the interior of the house all in flames.

The house at No. 4 is occupied by Mr. Rothschild. The firemen found it impossible to save the Andrews house and devoted most of their energies to saving the Armour and Rothschild properties. Although the fire was not so great, the vigilance of the firemen as often put the flames out.

At 3:45 a. m. six dead bodies were taken from the ruins of the Andrews residence, and several other persons are reported missing.

The dead are: Mrs. St. John; Wallace St. John, her son, 7 years old; four unidentified bodies, found on the third floor of the Andrews house.

The missing are: Mr. and Mrs. Wallace Andrews, J. St. John; Annie St. John, 5 years old, his son; Frederick St. John, 5 years old, his son; Mary Bolder, kitchen maid; Mary Flanagan, parlor maid; Ann Mary, servant; Eva Payson, servant; Kate Roth, servant.

The injured: Jennie Bahr, a laundress, jumped from the fourth floor to an extension and was badly injured, taken to Presbyterian hospital; John White, servant, taken to the Presbyterian hospital suffering from lacerations and partly overcome by the smoke; Freeman Jeremiah Blazina, of Chicago, fell from the fire and was badly hurt. He was taken to the Presbyterian hospital, in a serious condition. Several other firemen were injured during the battle with the flames, but none were seriously hurt.

The firemen were unable to get into the Andrews house as late as 3:30 o'clock. The roof of the house and the interior was a seething cauldron of fire. Sparks shot high into the air as from a blast furnace, and several of the surrounding mansions were ignited, but in most cases firemen were on the roofs with water and put the fire out in their incipency.

They were not successful in this, however, in the case of the high stone house of Alfred Adams at No. 2, East 69th street. This house was almost directly in a line with the Andrews home but two blocks north. It had no sooner caught than the flames spread with alarming speed.

Fortunately the family had been aroused by the fire and all were taken out by the police except one unknown woman and Mary Malone, 25 years old, a servant. The latter was seriously burned and may die. She was taken to the Presbyterian hospital.

In the case of the unknown woman a most heroic rescue was effected. The woman appeared on the top of the fourth floor window and was about to jump when the crowd yelled to her to wait.

A policeman ran into the next house, No. 3, and dashed up the stairs to the fourth floor on a level with the imperiled woman.

Leaning far out on the coping he caught her by the arm and with a mighty effort he swung her out into space and drew her into the room with him. The crowd wildly applauded the policeman's daring. The woman was sent to the Presbyterian hospital.

At 4:30 o'clock policemen went through the Adams house and on the third floor they found the body of one of the servants, Mary McLaughlin, 69 years old. She had been suffocated. Her body was taken to the East 67th street police station.

The finding of this body made three bodies taken out. The other two had been positively identified a few minutes before as those of George L. St. John and her son, Wallace, 5 years old.

In addition to these three bodies, the police know of four more bodies in the building, making a total number of known dead seven.

Policeman Gilmore and Policeman Liedek found Mrs. St. John just as she was dying. She was carried into the Rothschild house where she died within a few minutes.

Mr. and Mrs. Andrews lived on the second floor. Mrs. St. John, her three children, and two servants, Kate Downey and Marie Roth, were on the third floor.

At 4:45 o'clock, Eva Peterson, 32 years old; Ann Neary, 22 years old; Mary Flanagan, 24 years old, and Mary Bolen, 19 years old, all servants, are being searched for.

The Vessel Will Be Sent From Venezuela to Bluefields, Nicaragua, at Once.

WILL PROTECT AMERICAN INTERESTS.

Her Dispatch Under Heavy Orders is at the Urgent Request of the State Department.

Our Diplomatic Representative at Bluefields Instructed in Lodge, a Prisoner With the Nicaraguan Government Against Gen. Torres' Policy.

WASHINGTON, April 7.—The cruiser Detroit, which is now lying off La Guayra, Venezuela, has been ordered to sail to Bluefields, Nicaragua, for the protection of American interests in that quarter. On the way she will touch at Port Limon, Costa Rica, where her commander will put himself in communication with the United States consul at that point and where he also may receive further instructions.

She is also likely to make a very brief stop at Trinidad. Her dispatch under heavy orders is at the urgent request of the state department, to which American residents both at Bluefields and in Costa Rica have appealed for protection of American interests. The arbitrary and extortionate policy adopted by Gen. Torres at Bluefields, who on more than one occasion has made himself persona non grata to this government, and whose restoration to power at this time has been followed by acts which American residents respect and protest against, is the main cause of the dispatch.

The state department at the same time has cabled instructions to the United States diplomatic representative at Bluefields to lodge an energetic protest with Gen. Torres against the action of Gen. Torres, and a disregard of this protest will be followed up by a more positive step on the part of this government. In Costa Rica the American business interests, and residents are in trouble as a result of an insurrectionary movement. It is understood that the insurgents are levying forced loans on them, besides exorbitant and double duties on imports.

NEW ORLEANS, April 7.—A letter to the Picayune from Bluefields, Nicaragua, dated March 31, says:

Arrived the special agent of President Zelaya, yesterday again notified the merchants they would have but 24 hours to again pay the duties which had been paid to Zelaya's army. The latter was served after the revolution began. Torres also undertook to prohibit the American consular agent from cabling to Washington or the president of Nicaragua for aid.

He is in charge of the telegraph wires which lead from the capital to San Juan del Sur, the cable station. The American consul, after discovering that Torres was capable to secure satisfactory information from Torres, withdrew with the American merchants, who accompanied him to the palace. At this meeting Torres also declined to state what steps will be taken to force the American merchants to submit to double charges.

ALGER WILL RESIGN.

He Feels That He Has Been Vindicated by the War Investigation—Gen. Hastings to Succeed Him.

WASHINGTON, April 7.—Believing that the finding of the beef court of inquiry will relieve him of any personal connection with the war investigation, Secretary Alger will retire from the cabinet soon after the report of the first investigation committee was sufficient vindication.

Administration night a close friend of the administration says the war secretary's portfolio, upon the retirement of Secretary Alger, will be tendered formally to Gen. Russell Hastings, of Massachusetts, and that he will accept. The doctrine of probabilities seems to favor this statement. Gen. Hastings has been a guest at the white house for some days, having come to Washington on Sunday. He was about being announced that he had been selected as the new director of the bureau of American relations.

WILKESBARRE, Pa., April 7.—Terrence Anderson, of Plymouth, who was demoted, committed suicide Thursday by jumping from a 60-foot shaft of the Delaware and Hudson mine.

The First Rebellion in the Island of Negros is Promptly Put Down.

A MURDEROUS GANG PUT TO FLIGHT.

The Bandit Chief, Pajapiso, Called on the Natives to Exterminate All the Foreigners.

The Rebels Near Manila Remain Perfectly Quiet. A Week's Peace From Hostilities Gives Them to Allowed Plans to Digest Proclamation.

MANILA, April 7.—Col. Smith, the governor of the island of Negros, reports that a number of bandits, headed by a man named Pajapiso, attempted a rebellion on March 27, and killed several officials of Jumanayan. He also captured other officials and issued a proclamation calling upon the natives to rise and exterminate the Americans and Spaniards. Maj. Hulse and two companies of the California regiment were dispatched by water to the scene of the disturbance, and Col. Dutton and two other companies of troops were sent overland. On April 3 this force landed 12 miles and captured Pajapiso, the headquarters of the bandits, and destroyed the town. The troops also captured 25 prisoners and scattered Pajapiso's forces, thus effectually quelling the rebellion at the outset.

There has been a week's respite in the hostilities, chiefly in order to allow the Filipinos to digest the proclamation of the United States commission. The rebels remain remarkably quiet. The sharpshooters of Gen. Lawton's line have borrowed the Filipinos' arms and are harassing the rebels at night, picking off some of them nightly.

Malolos is resuming its natural aspect. Business is going on. Preparations are being made to establish a permanent camp for the troops there and the soldiers are cleaning the city. A third of the American forces at Malolos is sent nightly to form an advanced line a mile north of the city, with patrols and scouts ahead of the line.

Gen. MacArthur's volunteers are receiving Krags-Jorgensen rifles. The Filipinos having discovered that they could effectively empty their Mauser rifles and retreat before the Americans approached near enough to use their Springfield rifles with effect.

Advices received here from Samar, an island forming a province of the Philippines, say the revolutionists there are weary. Their leader, Gen. Lukban, of Chinese ancestry, has declared that he is weary of the struggle. The revolutionists are desirous of American rule.

THE REBELS IN COSTA RICA.

They Are Abusing Americans and the Government Has Been Ordered There to Straighten Matters.

WASHINGTON, April 7.—The Detroit, now at La Guayra, has been ordered post haste to Costa Rica. The American business interests and residents there are in trouble as a result of the insurrectionary movement in progress. It is understood that the insurgents are levying forced loans on them, besides exorbitant and double duties on imports, and that the state department has been appealed to.

The department has acted vigorously in the interest of the American residents at Bluefields.

The United States diplomatic representative at Bluefields has been instructed to lodge an energetic protest with the Nicaraguan government against the arbitrary and extortionate action of Gen. Torres, and this will be followed up by more substantial action if the protest is disregarded.

MURDER IN THE CITY HALL.

Butcher Tidwell Stabs to Death Plumber Eugene H. Torres, Also They Quarreled Over Tidwell's Sister.

## TWO NEGROES LYNCHED.

They Were Charged With the Murder of a Black Farmer Living Near Brooksville, Miss.

BROOKSVILLE, Miss., April 7.—Two Negroes, Forest Jamison and Mose Anderson, were lynched Thursday by a mob for the murder of T. H. Cleland, a white farmer who lived 12 miles east, was found dead in his room. An investigation was made and an inquest held, resulting in a verdict of manslaughter. Guilt was soon placed upon two Negroes who were living on the farm and with whom Cleland recently had trouble.

Forest Jamison, one of the Negroes, confessed that he choked Cleland to death, while another, Mose Anderson, held the victim's feet. At noon Thursday a posse of 200 determined citizens secured possession of the two Negroes, quietly hanged them to a tree. The two then dispersed in an orderly manner.

VICE PRESIDENT HOBART.

His Condition Was a Trifle Better Thursday Night. The Physician Visits Him Twice a Day.

WASHINGTON, April 7.—Vice President Hobart was a trifle better Thursday night. He rested easily throughout the day and was benefited by it, though he had not rallied yet from his collapse of several days ago. He is now in a condition when he will be about again. He is still kept in bed and every effort is making to have him take the complete quiet and rest that are essential to his recovery.

His physician is now visiting him twice a day. Instead of as before his recent set-back. Aggravated indigestion, an annoying cough and general weakness have made the vice president's case a rather serious one.

President McKinley makes daily inquiries concerning him and sends flowers to the sick man.

BROOM CORN TAKES A JUMP.

A Haul of Ten Dollars, a Ton, Attributed. It Is Said to Be the Largest Ever Taken from a Broom Corn Interest.

CHICAGO, April 7.—Broom corn took a jump of \$10 a ton, here Thursday. The immediate cause of the advance, attributed by some indirectly to the combination of the broom corn interest, was the raising of the price by the Central Illinois Broom Corn association, which met at Charleston, Ill., Dealers from Chicago, Kansas City and St. Louis were present and the proceedings were governed by a reported shortage of the supply. Another meeting will be held in May, when a further advance will be considered. It is said the trust has a corner on all the available stock.

THE GIRLS CAPTURED.

CHILLICOTTE, Mo., April 7.—All the girls who participated in the riot at the Industrial Home for Girls have been captured and the ring leaders have been looked in their rooms to prevent further trouble. ## CHANCE OF CLIMATE WON'T CURE CONSUMPTION The Slocum System is Needed.

A Curative Medicinal Treatment Founded on Modern Scientific Truths is More Potent Than Air Alone.

FREE TREATMENT FOR LUNG WEAKNESS.

If those of our readers who reside in the most highly favored sections of this country, where the climate is healthy and invigorating, with a dry and tonic atmosphere, will look about them, they will see a greater or less number of their friends and neighbors dying of consumption, while many others have already been carried off by that dread malady.

These deaths have occurred from time to time amid the refreshing prairie breezes of summer, in the fair and mellow days of autumn, and also in the dry and sunny seasons of a southern winter.

Such deaths amid such favorable surroundings afford positive and convincing proof that climate alone will not cure consumption; that neither prairie breezes nor bracing mountain air will restore weak lungs or build up constitution that is being undermined and broken down by the insidious germs of a fatal disease.

But, on the other hand, many thousands of testimonials from grateful people all over this country, who have been cured by the Dr. Slocum System of Treatment, and are today in the enjoyment of perfectly restored health and strength, afford the most convincing evidence that this treatment, aided by the favorable climatic conditions and surroundings, is a positive cure for Consumption and all other chronic diseases of the Throat, Chest and Lungs.

Therefore, those who go to the mountains, the seashore or to southern climes, to breathe the pure air, who already reside in such favored localities, should not fail to take the Dr. Slocum System of Treatment if they wish to derive the full benefits of favorable climatic conditions and scientific medicine.

The Dr. Slocum System of Treatment (consisting of Four Preparations) is both medicine and food. The medicines used in it slay the cough and lung irritation, heal the soreness and subdue the pains in the throat, overcome shortness of breath, improve the appetite and digestion, and bring comfort, rest and refreshing sleep, while its food properties are building, enriching the blood and infusing the sufferer with new life and vigor.

No single remedy will accomplish all this, but the Four Remedies embodied in the Dr. Slocum System of Treatment, in the hands of a competent physician, has been devoted to perfecting this system of Treatment, every indication, every symptom of Consumption and other diseases of the Throat and Lungs, has been carefully studied in the development of this system.

# RYA BAKING POWDER

**ABSOLUTE PURE**

Makes the food more delicious and wholesome

MILLS BAKING POWDER CO., NEW YORK

Miss Little Wood will open a spring school Monday, April 10th, at the Longview School-house, Sardinia.

Mr. Robert Pogue of Georgetown, Col., is very sick at the home of his brother, Mr. William L. Pogue, of Walnut street.

On May 9 and 10 the Kentucky State Assembly of the Brotherhood of St. Andrew will hold its third annual convention at Christ Church Cathedral at Lexington.

Work will begin at once to make a permanent survey and location of the New Roadway Highway between Anderson and Fort Royal, S. C. Two surveying corps will be put in the field.

The remains of Mrs. Margaret Housholder Walker, who died this week in New York, will be buried today in Spring Grove Cemetery, Cincinnati, beside that of her husband, the late W. P. Walker, Jr.

The bronze tablet which is to be placed on the water tower at Port Thomas in memory of the gallant deeds of the Sixth U. S. Infantry at San Juan, will be unveiled with elaborate and impressive ceremonies on July 1st.

Janowski and Shewalter contested in the sixth game of the series at the Brooklyn Chess Club, and after sixty moves Janowski won. The score is now Janowski 3, and Janowski 2, 1/2. The seventh and final game will be played today.

**"OLD GLORY."**

A Good Performance Given Last Evening—Second Performance Tonight.

A fair-sized crowd was out last night to witness the initial production of the comedy drama "Old Glory."

The characters in the drama were in capable hands and well liked.

The Maryville orchestra furnished the music, adding largely to the success of the evening by the choice selections rendered.

"The Dance of the Gipsies" by twenty of our young ladies and gentlemen was picturesque indeed and called out warm praise.

"The Frolic of the Fairies" by ten little misses was very pretty, while the artistic dancing of the little girls was a delight to the eye.

Taken all in all the show was a good one and one of the best hour taken shows ever presented here.

Go out tonight and you will spend an enjoyable evening.

The prices are 25, 50 and 75 cents.

Many people suffer untold tortures from piles, because of the popular impression that they cannot be cured. Taylor's Buckeye Pile Ointment will cure you. It is sold with absolute secrecy. Price, 50 cents, in bottles, tubes 25 cents. J. Jay, Wood & Son.

**LOOK FOR IT HERE**

The human system can endure heat of 212 degrees, the boiling point of water, because the skin is a bad conductor and the perspiration cools the body. Man may without injury bear a heat of 300 degrees for several minutes.

Grenoble is the place where most of the old gloves come from. At this place alone 1,200,000 dozen pairs of gloves are manufactured annually. This represents a value of \$250,000, and gives employment to 20,000 working people of both sexes.

Wood cracks when it is ignited because the air expanded by the heat forces its way through the pores of the wood with a crackling noise. Green wood makes less snapping than dry because the pores contain less air, being filled with sap and moisture, which extinguish the flame, whereas the pores of dry wood are filled with air, which supports combustion.

To find the nearest bird in existence you must go to the mountains between Anam and Laos, where there is a certain kind of pheasant. For many years its existence was known only by the fact that its longest and most splendid plumage was in much request by Mandarin for their hangers. A single skin is worth \$50, and the bird living would be priceless, for it never dies in captivity.

As the season of the year wears on, pneumonia, in grippe, sore throat, coughs, colds, catarrhs, bronchitis and lung troubles are to be guarded against, nothing "is a substitute," it is "an answer the purpose," or "is just as good" as One Minute Cough Cure. That is the one infallible remedy for all lung, throat or bronchial troubles. Instantly victorious upon having it "if something else" is offered you, Henry W. Bay, adjoining Postoffice.
